Dear KS2,

Would you like to have your work published in a book read by other children around the country? Well…here is your chance!

"Take the excitement of history and mix it with imagination to create ancient adventures!

You can pick any person, place or event from history to inspire your mini saga, a story told in just 100 words (not including the title).
From discovering a pharaoh's tomb or a soldier in the trenches to being Queen Victoria or an explorer sailing the seven seas it's a great way to get you having a bit of fun and to create original short stories."

Submit your **one entry** by **19th July 2024** by following the link or QR Code below to access the writing portal. This is where you write up your entry. Do not forget to put your full name so everyone knows it is your work.

Parents can find out information about the challenge too.
