Christ is the centre of our school community where we live, love and learn together.

July 2024

Dear family,

Breakfast Club Increase

From September 2024, the cost of Breakfast Club will increase from £5 per child, per day to £7 per child, per day. This brings Breakfast Club in line with the charge for the first hour of After School Club.

While we appreciate that this is a significant increase, we believe that the amount of £7 per child, per day for an hour's childcare and food and activities is still extremely good value.

I also must reiterate that, from September, clubs and meals must be paid for in advance. Please do add credit to your child's ParentPay account before September to secure your child's space at clubs and in the dinner queue.

If you aren't already signed up for the government's Tax Free Childcare program, take a look here. Most people are eligible for the scheme and can save 20% on their childcare costs. For support with this and ParentPay, see Mrs Gardner. To talk to someone about your financial situation, please email in to make an appointment with myself.

Yours Faithfully,

Mr M McLoughlin
Principal
