LO: I can represent numbers beyond 10.

Which numeral represents this amount?

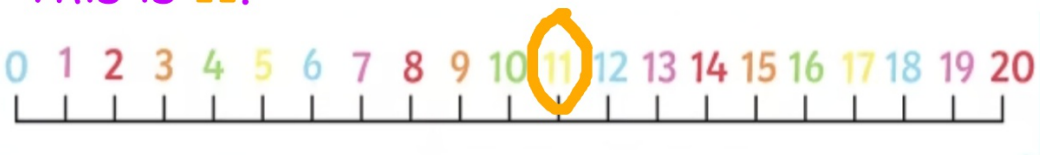

Can you represent it using tens frames?
How many counters will you need?

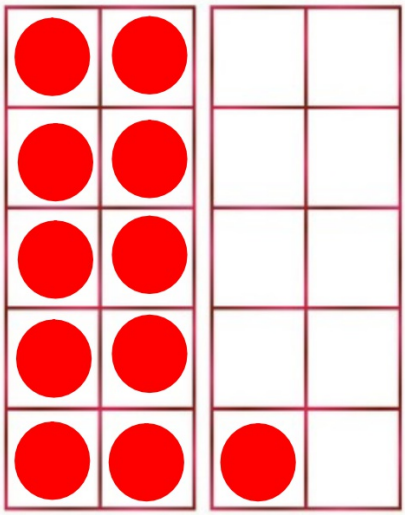

Which numeral represents this amount?

This is 11.

Can you represent it using tens frames?

How many counters will you need?

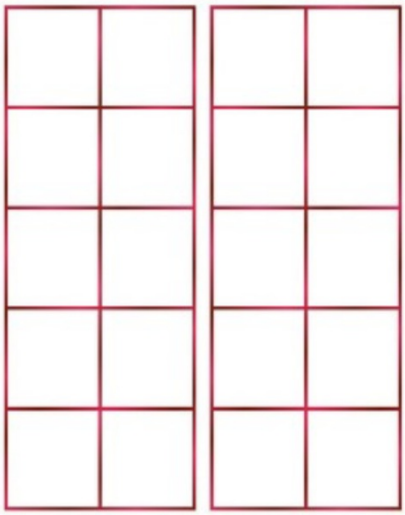

We will need 11 counters.

Which numeral represents this amount?

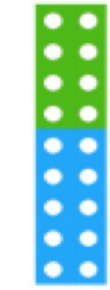

Can you represent it using tens frames?
How many counters will you need?

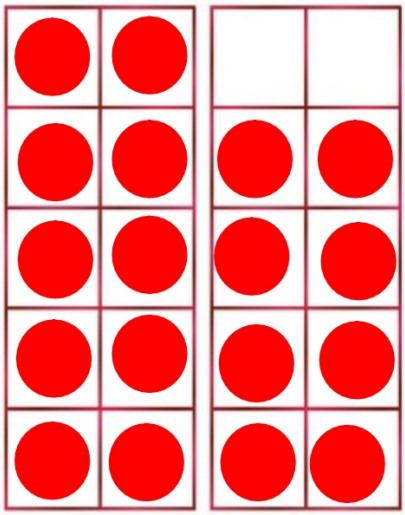

Which numeral represents this amount?

This is 18.

Can you represent it using tens frames?

How many counters will you need?

We will need 18 counters.

Now draw your own tens frames
and try representing these amounts in your book.
