9.2.21

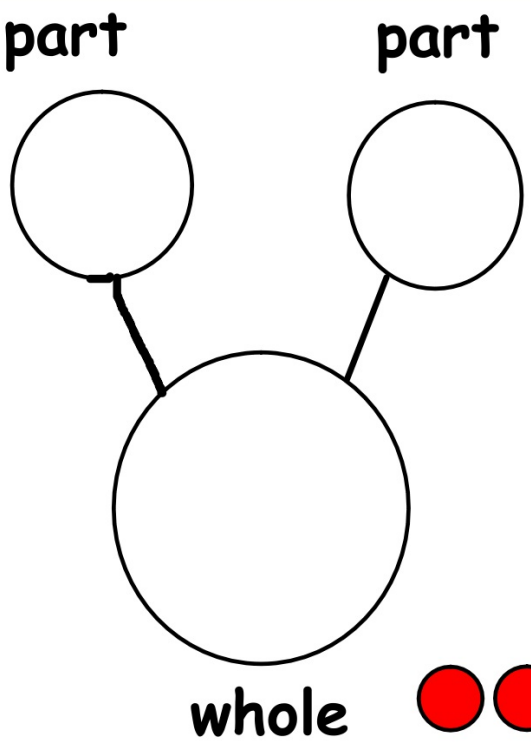

Mental starter

Doubles and halves up to 10

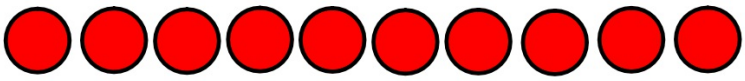

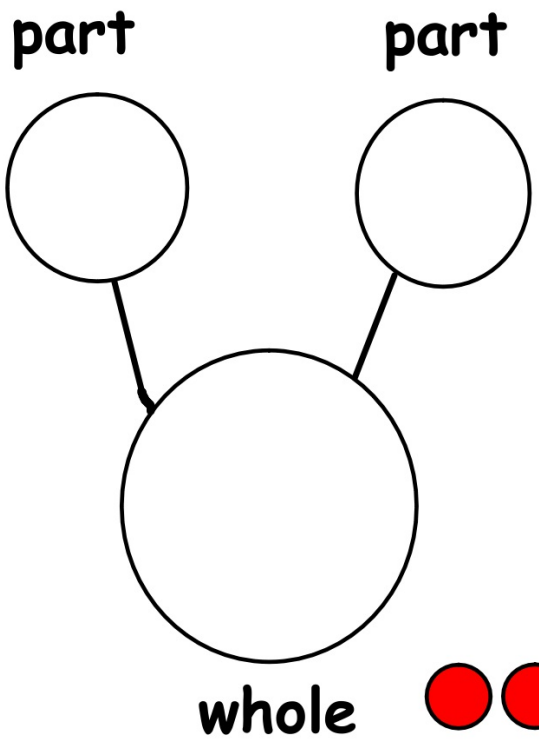

LO: I can subtract.

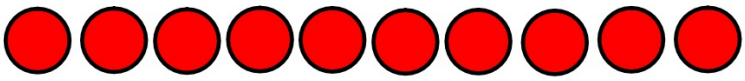

6 - 2 =

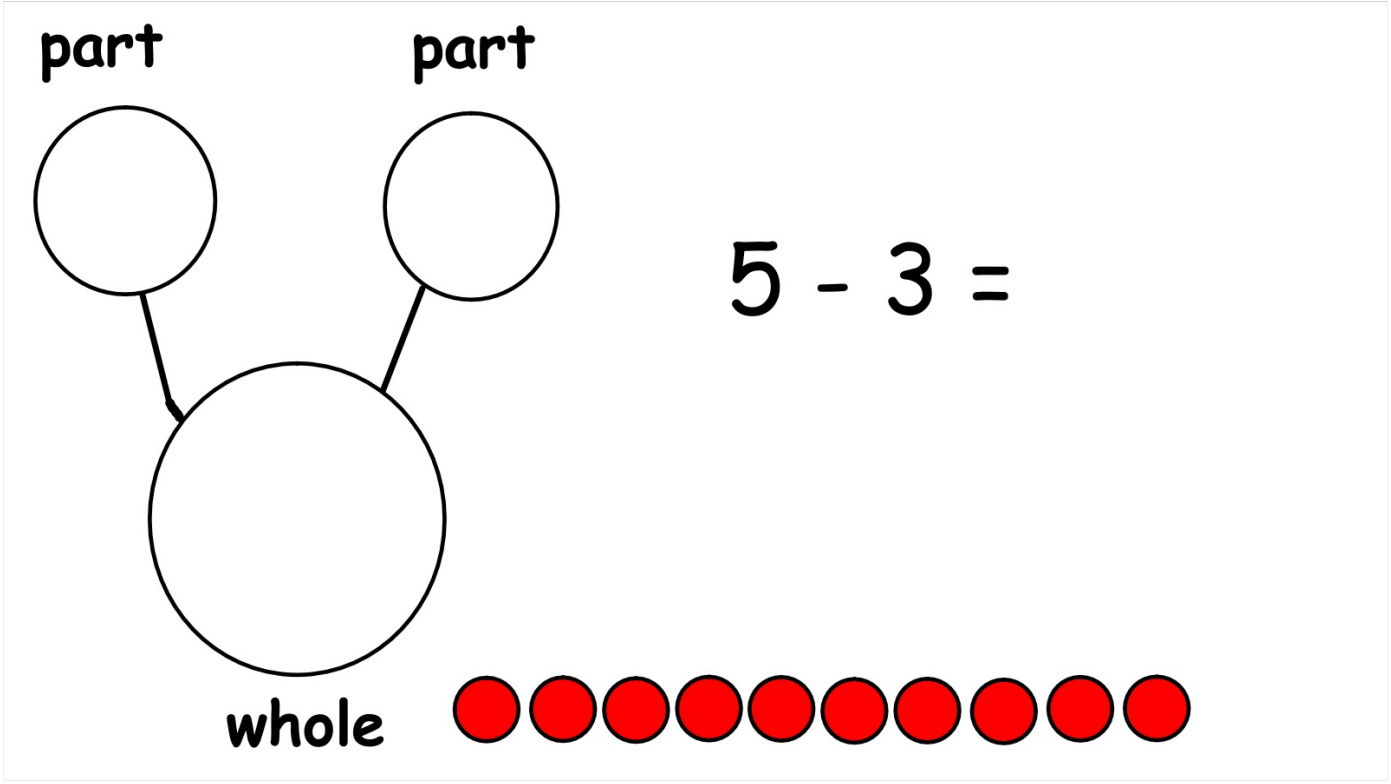

Put 6 counters in the whole. Count as you take 2 away and put them in 1 part. Count the remaining counters that are in the whole as you move them into the second part. That is your answer

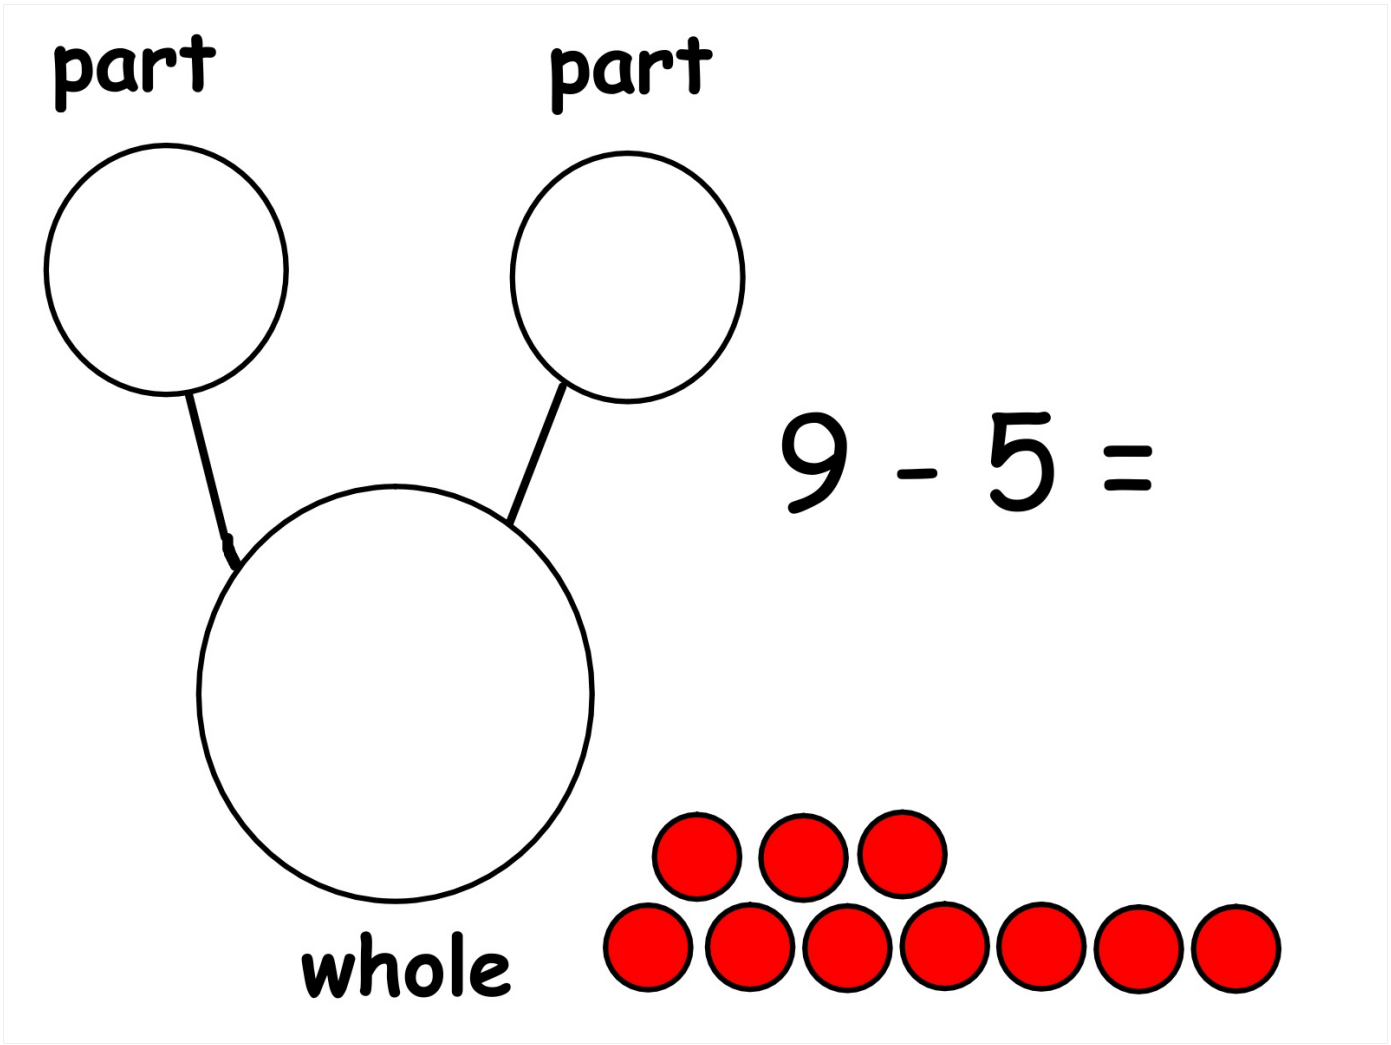

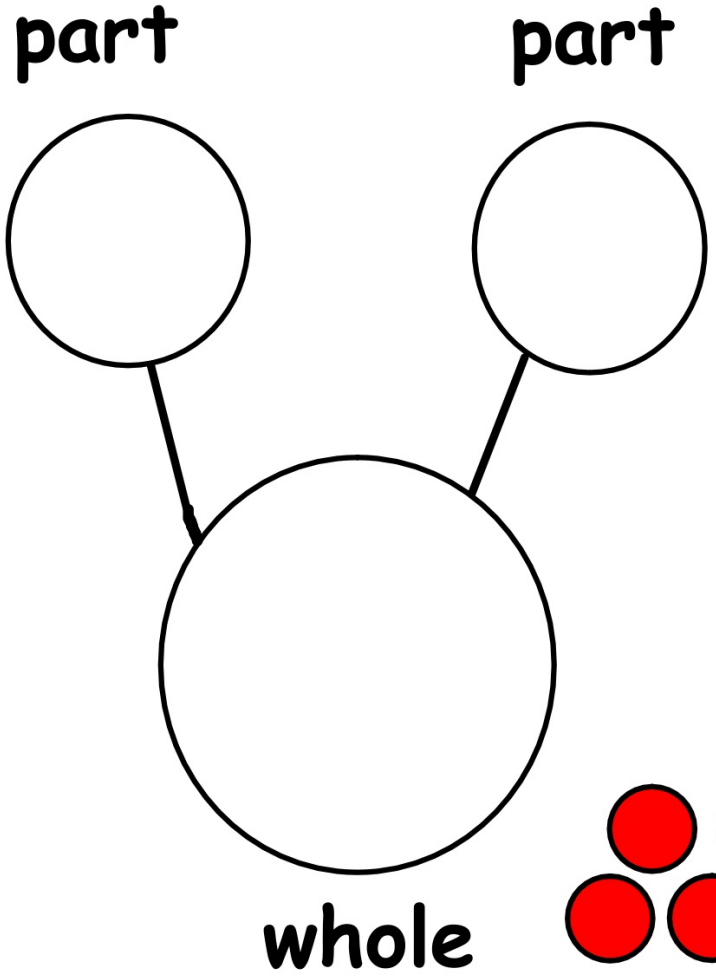

8 - 4 =

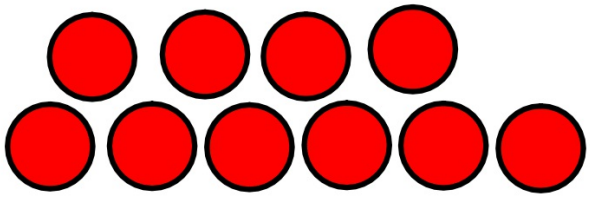

part
part
whole
5 - 3 =

part
part
whole
9 - 5 =

10 - 3 =

6 - 5 =

8 - 3 =

10 - 4 =

5 - 5 =

9 - 3 =
