10.2.21

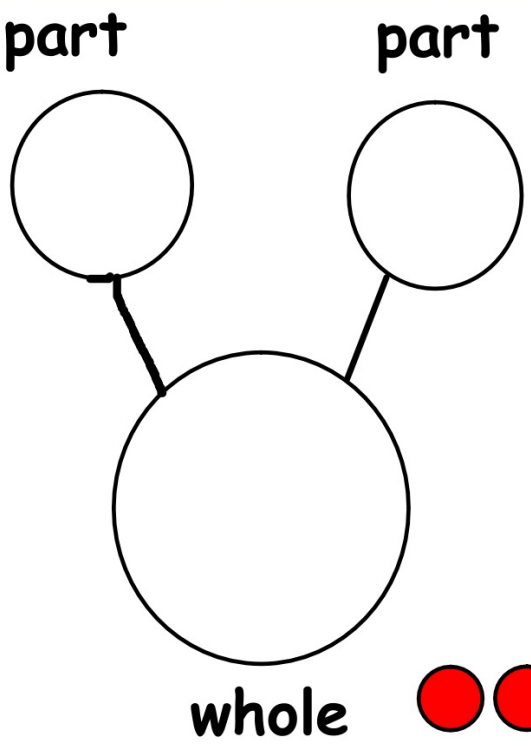

Mental starter

Doubles and halves up to 10

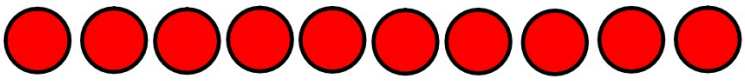

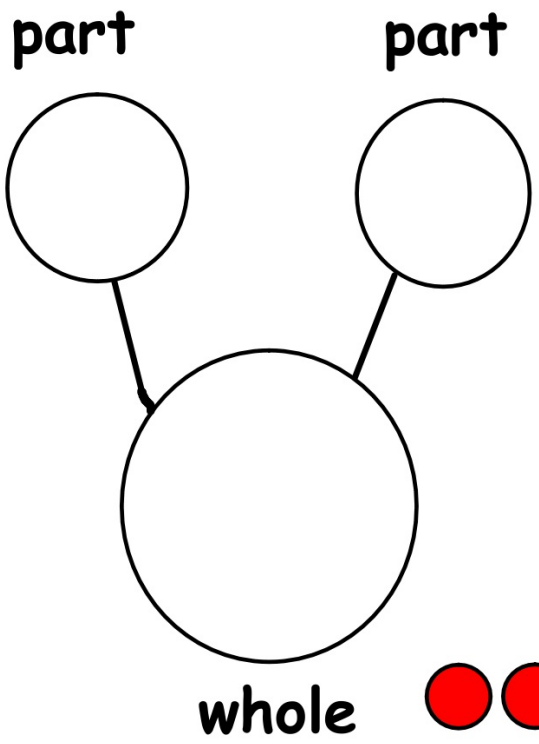

LO: I can subtract.

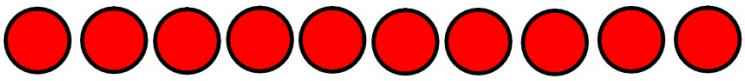

9 - 4 =

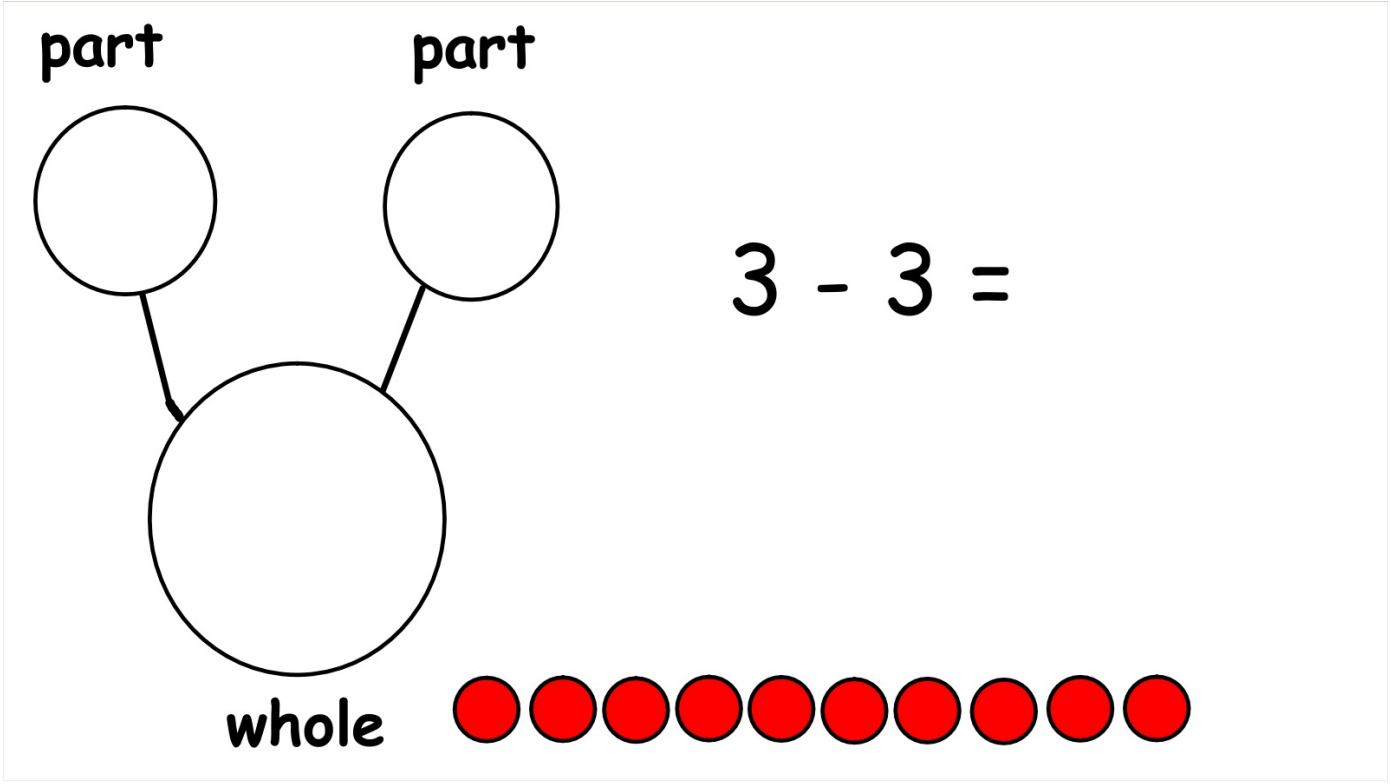

Put 6 counters in the whole. Count as you take 2 away and put them in 1 part. Count the remaining counters that are in the whole as you move them into the second part. That is your answer

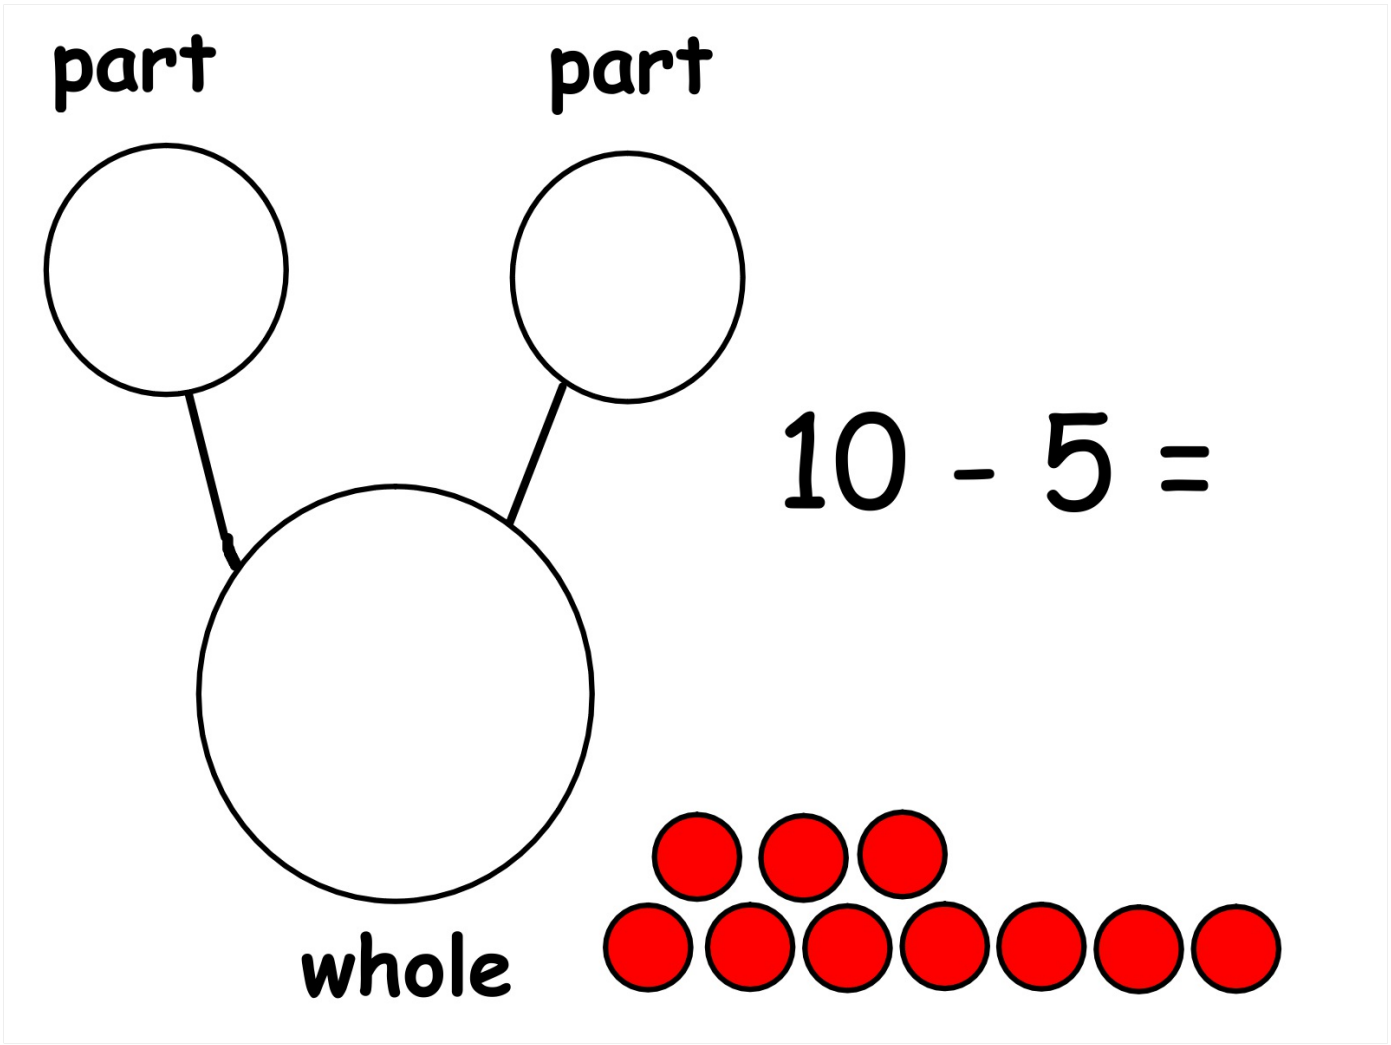

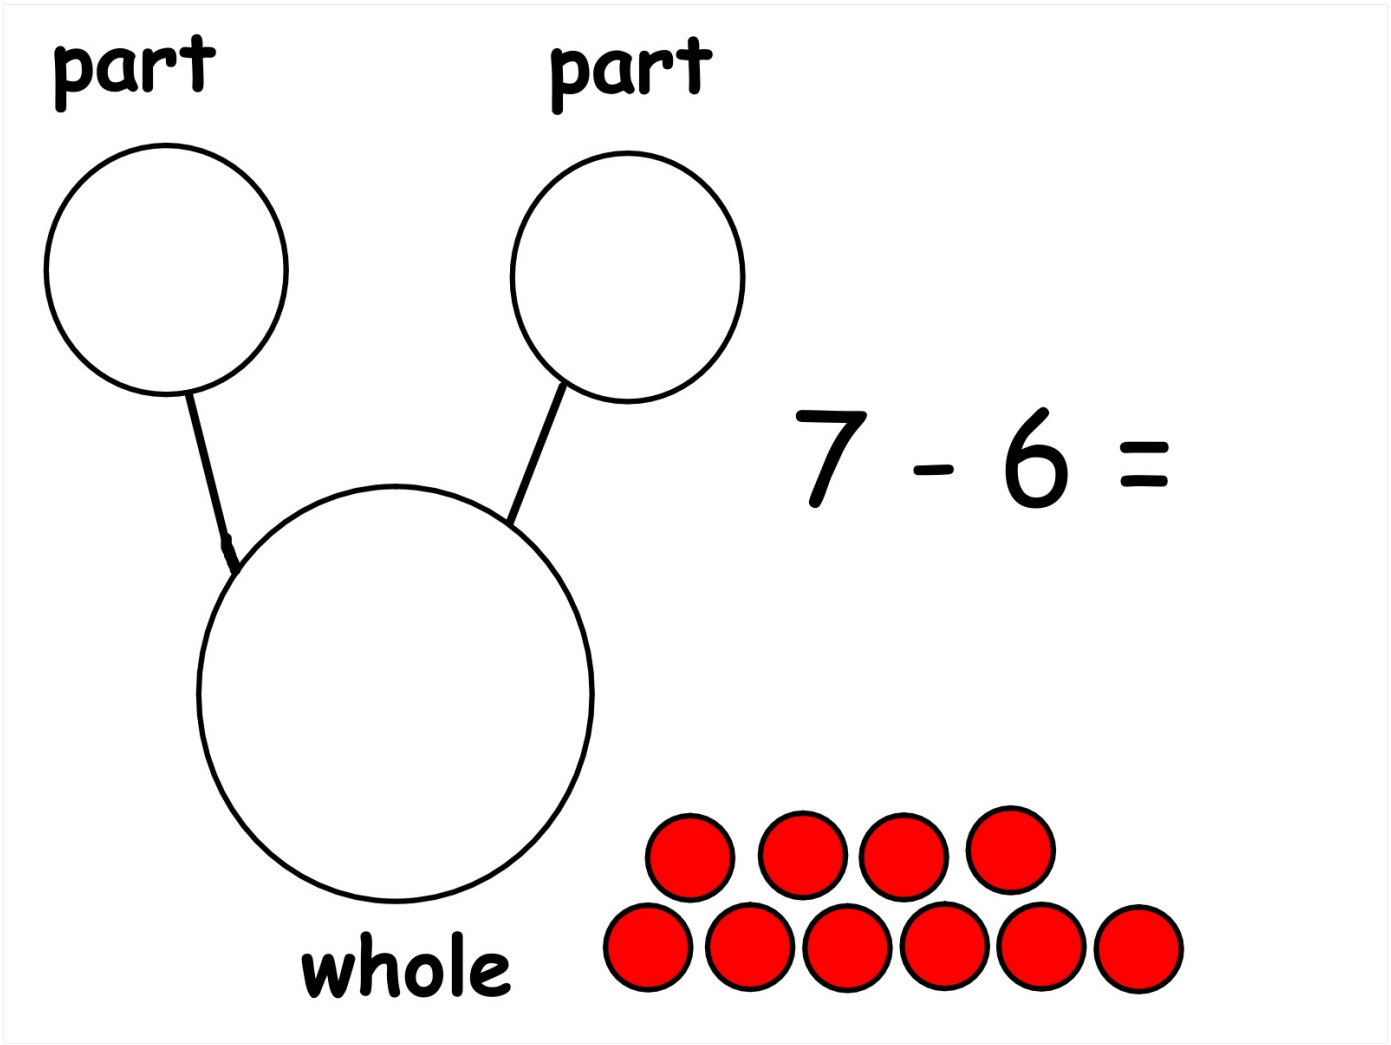

10 - 6 =

part
part
whole
3 - 3 =

part
part
whole
10 - 5 =

part
part
