Mental starter

Doubles and halves up to 10

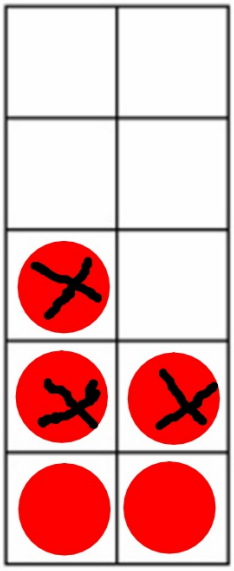

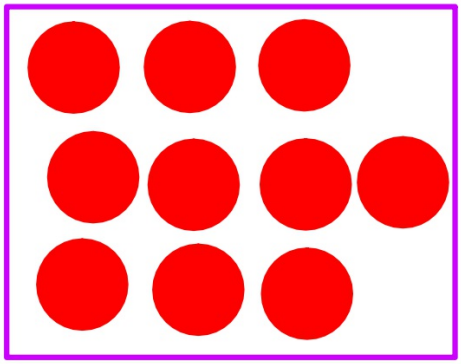

LO: I can subtract using a tens frame.

5 - 3 =

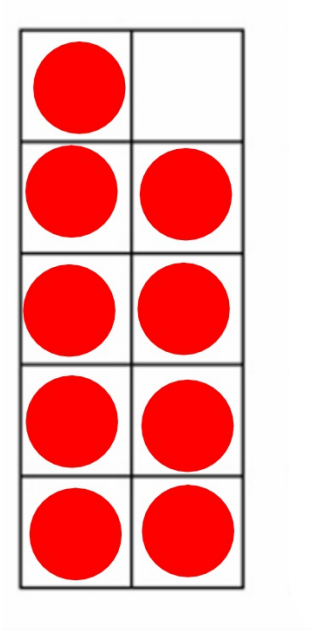

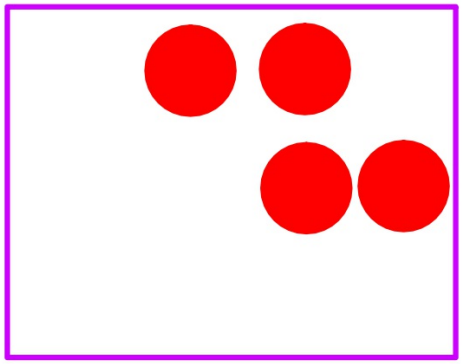

Draw 5 circles onto your 10s frame.
Cross out 3 circles.

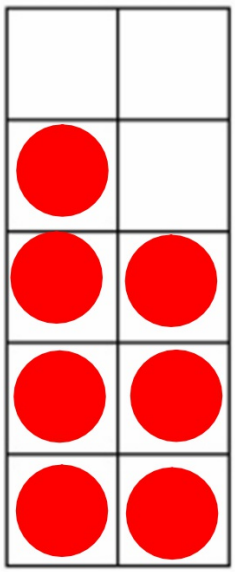

How many are left ?

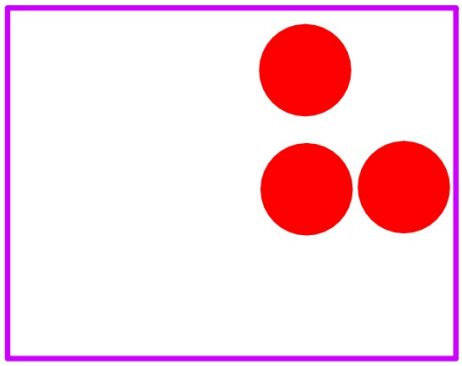

9 - 2 =

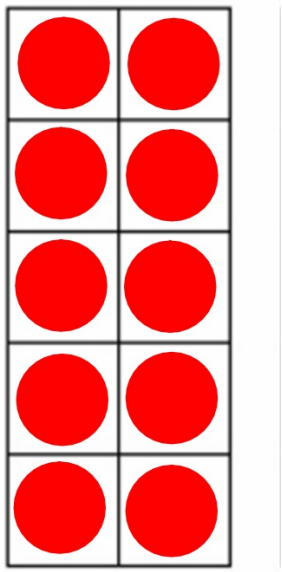

7 - 5 =

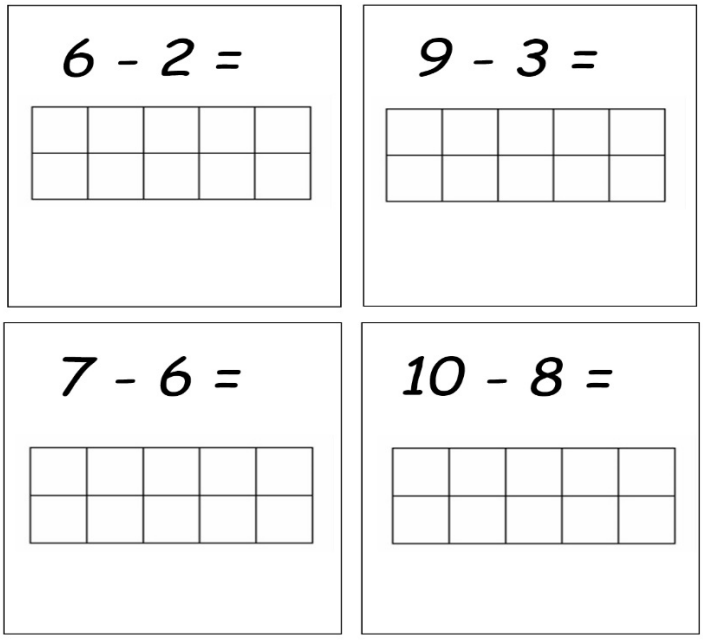

10 - 3 =

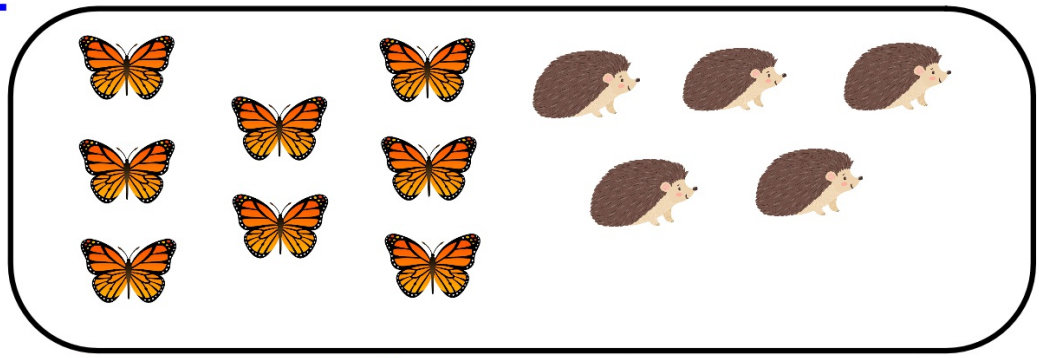

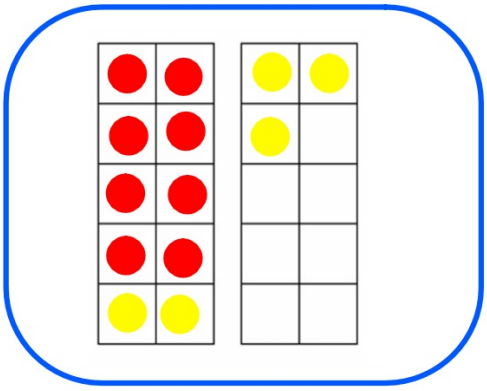

Draw some tens frames in your book and use them to solve these sums.

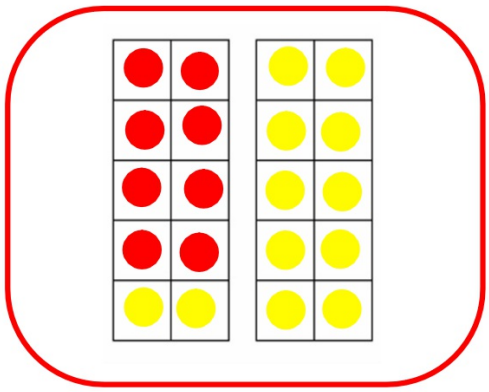

Plenary

Which tens frame represents this picture best?

Why?

Explain your answer.
