Mental starter

Doubles and halves up to 10

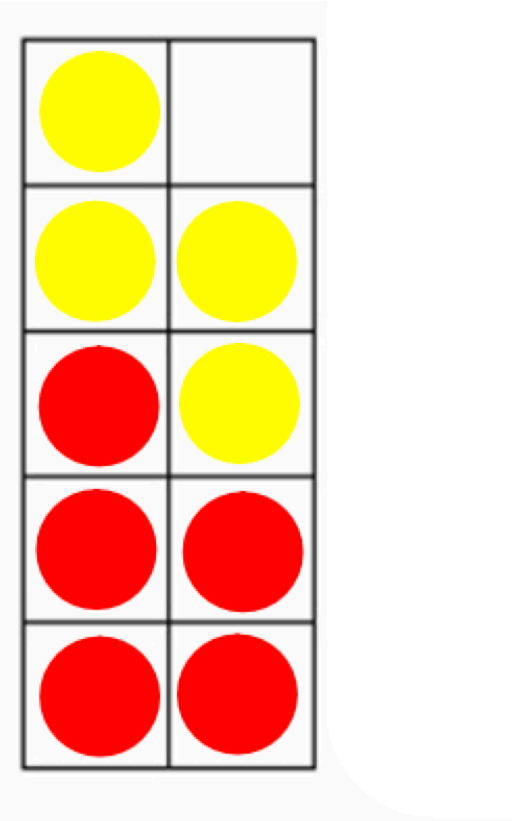

LO: I can add using a tens frame.

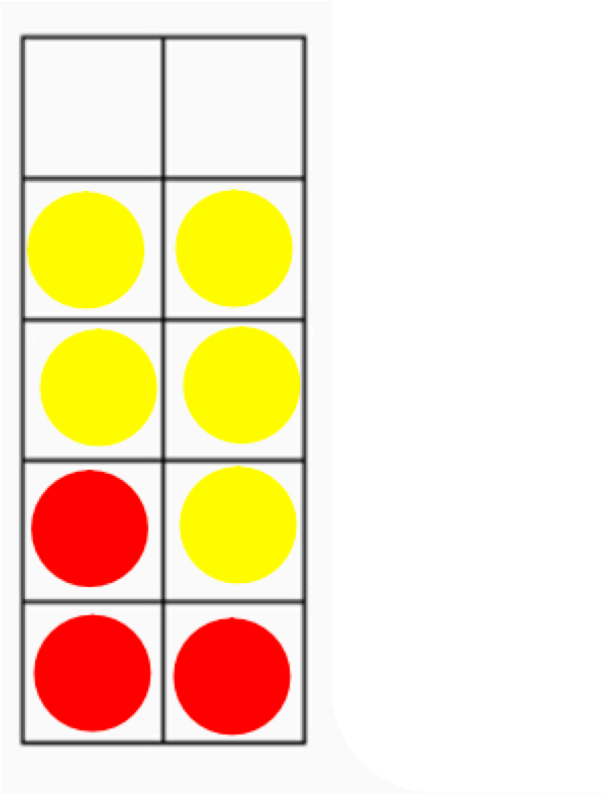

EXAMPLES:

5 + 4 =

3 + 5 =

Draw some tens frames in your book and use them to solve these sums.

5 + 3 =

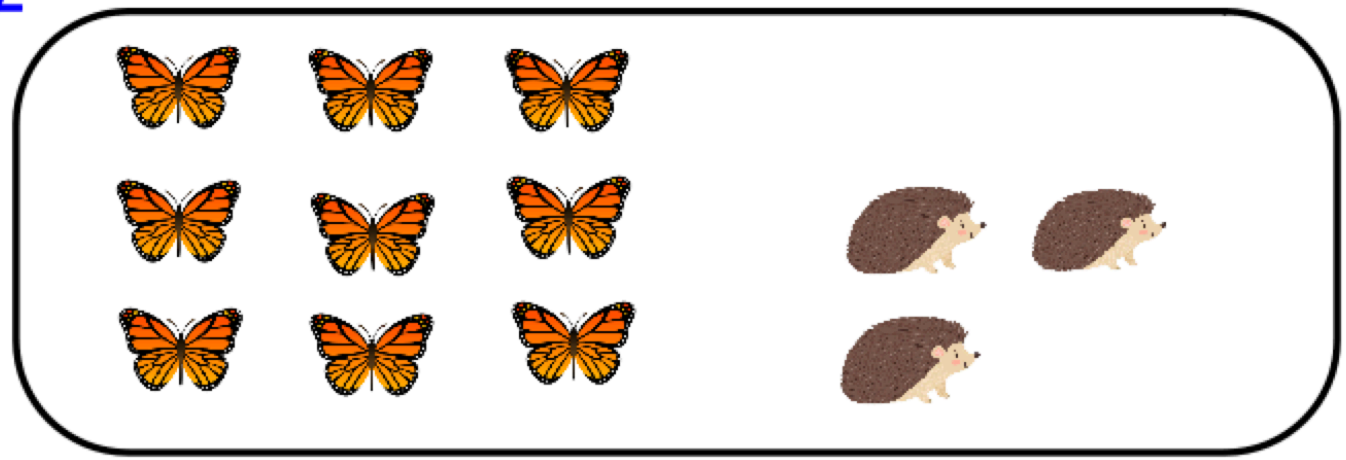

8 + 2 =

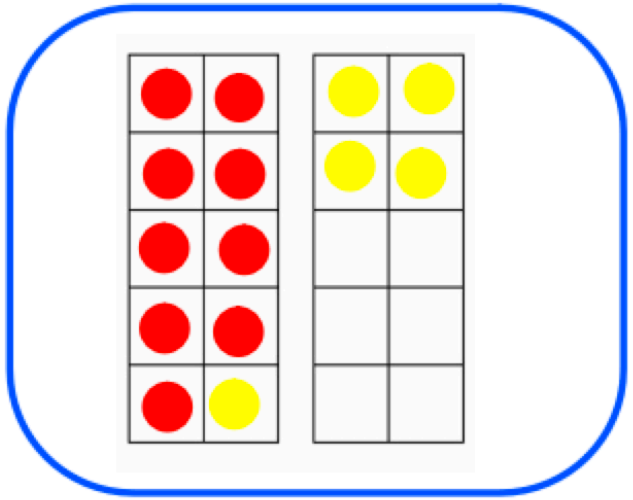

3 + 6 =

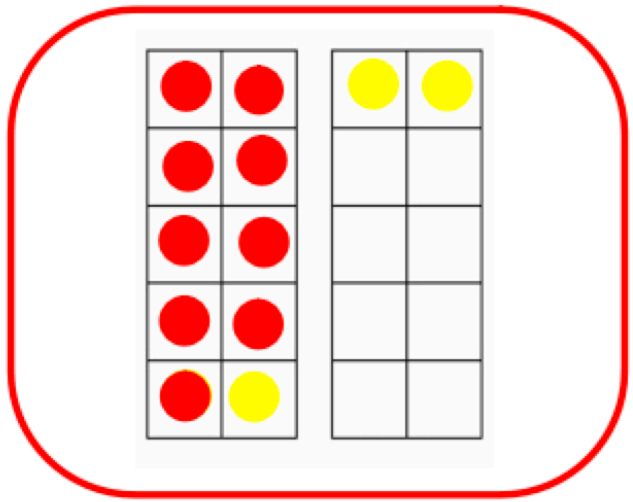

1 + 5 =

Plenary

Which tens frame represents this picture best?

Why?

Explain your answer.
