LO: I can write the sounds in words.

Parents – In todays lesson your child will be looking at images and writing the word. Each word contains 3 sounds. Next to the word you will see a phoneme frame. The children are used to using these in school. They have to write one sound in each box.

This week one of the words contains a digraph (2 letters that 'hold hands' to make one sound). Both of these letters get written in one box.

sh	o	p

There is a worksheet available to download and print or you can look at the images on the screen and draw your own phoneme frames.

The image on the last slide shows the word 'lip'
